Desert Highlands Golf Club  
Doug Westcott, Director of Golf  
10040 E. Happy Valley Road  
Scottsdale, AZ 85255

Dear Doug,

Congratulations! Desert Highlands Golf Club has been named a 2019 GEM designated golf facility presented by the Arizona Women's Golf Association!

As you know, this designation was earned based on the level of participation of women at your golf facility along with the scores that your facility and staff earned from those same very active women who play your golf course. The selection period considered the quality and service you demonstrated during the 14-month period between November 1, 2017 and December 31, 2018. Your course is one of only 30 golf facilities in the state of Arizona to earn this designation for 2019.

Your official award will be presented to you and your membership at a time of your choosing. Anj Brown, Director of Communications & Outreach for the Arizona Golf Association and her staff will be contacting you to make arrangements within the next few weeks.

Sincerely,

Suzanne O'Hara  
President, Arizona Women's Golf Association
